

HATHORS

HOSPITALITY RIDER

Thank you very much for having us. We really appreciate your efforts. We prefer less, but high quality and regional food. Do not worry too much about the variety of snacks but rather about the quality.

TRAVELPARTY

We are 4 people.

FOOD

We would appreciate it very much if you could provide fresh fruits, vegetables and snacks when we arrive. After soundcheck please provide **1 dinner with meat for the sound engineer, as well as 1 vegan and 2 vegetarian** dinners for the band. For our personal well-being we would like to eat at least 2 hours before, or if not possible, after the show. No junk food, pizza or pasta please.

If the promoter can't provide dinner, we ask for a buy out of EUR 20.- / CHF 30.- per person. After the show and for the onward journey, it would be great if you could provide us 1 vegan, 1 meat and 2 veggy sandwiches and 4 regional & tasty lemonades.

DRINKS

It would be nice if you could provide coffee, plant based milk and sugar, assorted tea, hot water & a few bottles without gas (for the stage). If you can provide some regional craft beers (we like IPA), alcohol free beer and white wine we would also be very happy.

MISCELLANEOUS

Please provide a secure parking lot at the venue.

HOTEL & ACCOMMODATION

We would be very pleased, if we got separated rooms for four people. We have heavy snorers among us.

THANK YOU! We are very much looking forward to play at your venue.
